MANAGED CARE

You may soon receive the Medicare Health Outcomes Survey (HOS) in the mail

This important survey was created by the Centers for Medicare & Medicaid Services (CMS), the federal agency that runs Medicare, to improve quality of care for people with Medicare. Members of every health plan are randomly selected to receive the survey.

YOUR VOICE IS IMPORTANT!

Your voice is important! The survey helps monitor the quality of care we provide to our members by asking questions about your health status over a specific period. If you need help with the survey, a relative, friend, or caregiver who knows about your health can fill it out for you.

PLEASE COMPLETE THE SURVEY!

If you receive the Medicare HOS in the mail, please complete it! It only takes a few minutes. Participation is voluntary, and your information is kept private by law. Your answers will help Medicare make sure that you receive high-quality care.

HELP IS AVAILABLE

If you need help with the survey, a relative, friend, or caregiver who knows about your health can fill it out for you.
